Summary

Computer Science Engineering graduate with hands-on experience building full-stack web applications using React.js, Node.js, Express.js, MongoDB, and Java. Developed multiple projects including academic management systems, job portals, and blogging platforms. Interested in software engineering, backend development, and scalable web applications.

Projects

Campus Sync

github.com/mpsinghji/Campus-Sync

A multi-role platform supporting administrators, Teachers, and Students with features like user management, course analytics, scheduling, attendance tracking, and event monitoring. *Tech: React.js, Node.js, Express.js, MongoDB, Postman*

BlogVerse

github.com/mpsinghji/BlogVerse

A blogging platform with blog creation, publishing, commenting, authentication, and category navigation. *Tech: React.js, Node.js, Express.js, MongoDB, Postman*

JobHunt

github.com/mpsinghji/JobHunt

A modern job portal with role-based authentication, job posting, application tracking, search, file uploads, and responsive Tailwind CSS design. *Tech: React.js, Node.js, Express.js, MongoDB, Postman, Tailwind CSS*

Internships / Professional Experience

Bharat Intern – Frontend Developer Intern (Remote)

- Built and styled 4+ responsive React.js components, ensuring compatibility across desktop, tablet, and mobile devices.
- Applied responsive design principles across 3 screen sizes, improving layout consistency and component reusability.

Wellvia Health – Frontend UI/UX Contributor

- Designed and implemented 5+ reusable React components directly from Figma wireframes.
- Collaborated with 2 designers to align the UI with accessibility best practices and documented component usage for smoother future development.

Technical Practice and Achievements

- Selected for Utkarsh 2025 (College Tech Fest) for outstanding project innovation
- Solved 150+ LeetCode problems, improving algorithmic skills
- 650+ GitHub contributions across personal projects and continuous development activities.

Area of Expertise / Technical Skills

Languages: Java, JavaScript, HTML5, CSS3, SQL

Frontend: React.js, Tailwind CSS, Responsive Web Design

Backend: Node.js, Express.js, REST APIs, JWT Authentication

Databases: MongoDB, MySQL

Tools: Git, GitHub, Postman, VS Code

Concepts: Full Stack Development, Database Design, Authentication Authorization, API Integration

Education

Chitkara University, Bachelor of Engineering
Rajpura, Punjab, **CGPA: 8.64/10.0**

June 2026

Additional Information

Languages: Hindi, English, Punjabi

Soft Skills: Leadership, Public Speaking, Time Management

Hobbies: Exploring emerging technologies, online learning and certifications, UI/UX design experimentation
